

G-A-C Electronic Governors for KOMATSU engines

1. Small engines with distributor fuel injection pump

2. Engines with in line fuel injection pump

a) External actuator : 225 Series

With RQ mech. Governor

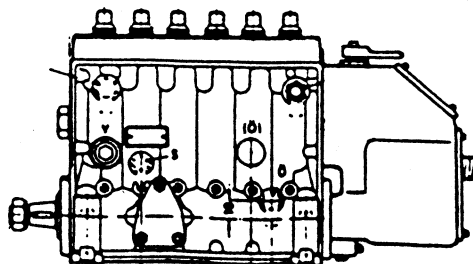

Actuator connected to throttle lever

With RQV mech. Governor

Actuator connected to stoplever

b) Integral actuator : 275 Series

Fuel injection Pumps
P3000, P7100, P8000

275 Actuator

Actuator mounted directly to the fuel injection pump.
